

## Environment, animals and plants

These jobs are about looking after animals and plants,  
and the places where they live. No exam level jobs...

### Gardener

**Gardeners** take care of gardens and other open spaces. These include public parks and the grounds of old houses. Gardeners keep these areas neat and tidy so that people can enjoy them.

### Farm Worker

**Farm Workers** do all sorts of practical tasks on farms. The jobs they do depend on where they work. Some farms grow crops like wheat, oats and vegetables. Others keep animals such as cows, sheep and pigs. Some farms do a mixture of the two.

### Park Ranger

**Park Rangers** look after parks and other green spaces in towns and cities. They help to make these places pleasant and relaxing for people to visit.
